Hear what our clients have to say

Simon Lee

Learning & Development Coordinator
Chevron Oronite Pte Ltd

SP trainers are very professional, knowledgeable and can adapt quickly to our industry context. We treasure this partnership and hope to continue this collaboration.

Lynette Lin

Assistant Manager
Inchcape Singapore

The trainer was very engaging and interactive, and we appreciated his two-way communication and teaching style, as it reinforces learning and provided opportunities for participants to share from their own experience. He also makes concerted effort to share more insights based on his experience and market practices too, making the session more meaningful and enriching.

Part-Time Diploma and Post-Diploma Courses

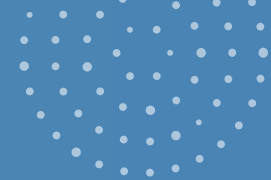

Get the best quality training from our highly qualified lecturers through Part-Time Diploma and Post-Diploma courses at SP PACE Academy.

Work-Study Post-Diploma
(Advanced Diploma in Applied Food Science)

Kimberly Lim Suet Ling
(Food Safety Officer)

I was unsure of what I want to pursue after graduation as there are many different sectors in Food Science. As such, I see this programme as an opportunity whereby I am able to explore the different areas to find out where my interest lies in. Also, not only would I be able to learn more theoretically but also gain hands-on experience. It is important to acquire relevant work experience and skills valued by the industry to be prepared practically and mentally.
